

## eTrex® 32x

### Popular Handheld GPS with Enhanced Memory and Resolution

**Product Overview :** Explore with confidence with eTrex32x, rugged GPS handhelds with 2.2" sunlight-readable colour displays. They come preloaded with TopoActive mapping featuring routable roads and trails to explore when cycling and hiking. Add even more maps via the microSD™ card slot and 8 GB of internal memory. Dual-satellite support (GPS and GLONASS), it tracks in more challenging environments than GPS alone. The eTrex 32x GPS handheld adds a three-axis electronic compass that show your heading even when you're standing still, without holding it level. eTrex 32x also includes a barometric altimeter, which tracks changes in pressure to pinpoint your precise altitude and you can even use it to plot barometric pressure over time, which can help you keep an eye on changing weather conditions.
